

Campus Resources for Potential Crisis Situations - Quick Referral Guide:

Office of Academic Affairs

In your faculty role, you may encounter students who appear to be in need of crisis intervention. You may encounter colleagues who are experiencing personal or professional distress. You may feel overwhelmed and want to speak with someone in confidence.

It is important to know about campus and community resources available to assist in such situations. Keep this information at hand so that you can call for assistance or refer others to the most appropriate resource.

If you observe or experience behavior that is threatening or dangerous, contact the Department of Public Safety immediately at 711 from a campus phone or #78 from your cell phone.
